## What does the museum do?

Ipswich Hospital Museum (IHM) collects, documents, preserves, interprets and displays the history of Ipswich Hospital and nursing for current and future generations. The Museum becomes ingrained as another thread in the fabric of diversity within Ipswich Hospital and the broader community.

## Why be an IHM volunteer?

Volunteers have the opportunity to make a meaningful contribution to their community. Volunteering provides an opportunity to use your skills and experiences, meet new people and be rewarded with a sense of fulfilment. Activities undertaken by Museum volunteers include

- Researching the history of Ipswich Hospital
- Creation and maintenance of displays
- Involvement in tours and talks to visiting individuals and groups
- Community presentations
- Working with like minded individuals
- Participation in workshops and seminars relevant to museum activities
- Cataloguing of instruments, documents, photographs and other memorabilia
- Maintaining, conserving and restoring the different items that are part of the collection
- Preservation and transcription of historical records of the Hospital
- Activities involved in promoting the museum at local public events.
